The Food Access and Student Well-Being Study Results

Conducted by the University of Maryland Counseling Center Research Unit in partnership with the University of Maryland Department of Dining Services, University Health Center, and Maryland Parent and Family Association.

Since 2014, Campus Pantry has worked to alleviate food insecurity on campus, here is our impact:

- **4,901** UMD undergraduate and graduate students surveyed
- **20%** reported low or very low food security—lacking reliable access to sufficient quantities of safe and nutritious food

### Food Security Status (%)

- **High Food Security**
- **Marginal Food Security**
- **Low Food Security**
- **Very Low Food Security**
